

Elevate Your Institution

The ultimate SaaS solution for comprehensive school management and administration.

Student Management

Say goodbye to messy spreadsheets. Track enrollments, academic progress, and complete student histories with a single click.

Automated Ledger

Generate monthly fee vouchers instantly. Track incoming fees against overhead expenses and payroll to see your true bottom line.

Unified Attendance

Track both Student and Employee attendance in one place. Identify chronic absenteeism immediately with real-time analytics.

Dedicated Hifz Diary

The only modern SaaS platform featuring a built-in Hifz module. Track daily Sabaq, generate reports, and run test tracking.

Donation Matrix

Seamlessly manage donor contributions, run targeted campaigns, and generate professional receipts effortlessly.

Enterprise Security

Role-based access control ensures that teachers only see what they need to, while admins maintain total oversight.
